THE FOLLOWING REMITTANCES HAVE BEEN CREDITED TO YOUR ACCOUNT  
TODAY, SUBJECT TO THE FOLLOWING CONDITIONS:

In addition to and without waiving the rights accorded to it by the laws of the State of New York or otherwise, the Bank, as agent, receives loans for collection and/or credit, in the absence of express agreement in writing to the contrary, only upon the conditions herein stated. The Bank, without liability, may in its discretion: (a) receive loans by mail or otherwise, directly or indirectly, for collection to the holder, drawer, or other party, through any of its offices or correspondents, for handling in accordance with their regulations and for payment in cash, bank draft or otherwise; (b) refrain from presenting, demanding, collecting or giving notice of non-payment or dishonor on any day other than the day of maturity, and/or (c) refuse payment of any check or other order drawn (in whole or in part) against the proceeds of any loan deposited for collection, prior to the full and final payment of such loan either in cash or the equivalent of cash.

Such credited loans, whether or not drawn on or payable at any office of the Bank, may be charged back at any time unless full and final payment to such, or its equivalent, shall have been received at the office of the Bank where credited and whether or not such loan is returned.

MAIL TELLER

BY 1515

Sept. 16 Friday: meeting of  
class at Ross' 8 P.M. Mr. Hook, R. H.  
etc. were there: decided on schedules.  
Mr. Stanley & I sat and talked at  
Soloway till 4. got home very late.

Sept. 17 Saturday Got going at 10 A.M.  
~~Went from home to the bank~~  
later to office. In the evening to  
R.H. talked till 12.30 Stanley came  
in. Got home 10.45 3 A.M.

(Devaluation of Economics)  
Sept. 18 Sunday. Got going 1 P.M. 11.  
Went for a ride and for Mrs.  
Back to office; later to Fox Rock  
Beach with Naomi. Mr. Hook; got  
back 8.30 P.M. Had dinner at  
Abe's. Mr. Murrell then we went  
to Hook's to have drawings of  
foundations for Hester. Stayed  
at the office till 12 midnight.

Monday Sept 19. Got up 8:30  
went to office, then to airport to  
meet Nathan. Met Dr Modak.  
Vishnisky arrived also today.  
Mr Moore came to meet Nathan.  
Fr. J. Soria also came from  
India. Took Nathan to  
Shelton Room 1142. Lunch  
with Mr Moore & Nathan at chawwal.  
Got to office 3 PM. Went out with  
Nathan, saw Superi State,  
Broadway etc, Rockefeller center.  
Got to bed 2 AM. Got cables from  
Sesh Nathan.

Tuesday Sept. 20. Nathan saw  
sightseeing tour uptown. Self  
told around patent documents  
to various consulates. Also to  
Jamaica. Had dinner with  
Nathan at Ceylon India.

Showered him Central Park &  
then went to Music Hall. Saw  
Ingrid Bergman in "Under  
Capricorn". Not a good picture.  
Went to bed 2.30 AM.

Wednesday. Sept. 21.

Again took around patent  
papers, downtown. Got there  
at 4. Bought test meter for  
Walter at Cortlandt street.

Ate dinner at Garden Cafeteria.  
Was upset over waiting etc.

Spent 3 hours talking to Radner.  
Then went to Greenwich Village  
& then Times Square. Got home  
1.30. Bed 2.30.

Thursday Sept. 22. Worked at  
Office all day. Cable from

India. Worked on <sup>Bates foundry.</sup> Alster & Lonja  
translation. Dinner at Czech  
place in 76th (!) st. FARE:  
Nadine had dinner at with  
Beyer, also went to UN. Bed 3 AM.

Friday Sept. 23. At 11 AM today  
Truman announced the Atomic  
explosion by Russians. All papers  
are full of the news; worked on  
Alster & Lonja translation.  
Alone self the only ones at 157  
this evening. Quit 11 PM and  
had ice cream with Norman &  
Mr. Bed. 2.30 AM.

Had to rush to Fulton & SCT  
to see Nadine off at 10 AM.

Constructive counsel on insurance protection is essential to the individual. Your agent or broker is qualified to render a skilled service. The most important service he can render you is an *Insurance Survey*. With such an analysis of all your bonds and policies you know whether your business and your home are properly protected and the correct cost. Consult your insurance agent or broker as you would your doctor or

*Fidelity Bonds for Mercantile Employees*

SUNDAY, JANUARY 1

Celebrated New Year's day by being up until 7 AM with Jean. Sitting around talking at a cafeteria. Dropped in on Bernie in the afternoon, then went to a show, - Marx Bros. It was funny, but not too good. Took Jamie home walking.

MONDAY, JANUARY 2

SATURDAY, JANUARY 17

Was out in Jersey. Put in 10 hours on Ulster Spring. Got back to the office, shaved, went to meet Jean at City Center. Then came over to office had coffee at Anderson's with Abe. Then went out for a ride then a walk in the cold air. Jean's birthday. Spent a long time with her. Got home at 8 in the morning.  
Ulster - 10 hours.

SUNDAY, JANUARY 18

Left rather late. 8:30 AM to 1 PM. Got to the office & worked on Dupont stuff. Leeson & Emil were over on their way to Chicago.  
Re. Dupont - 6 hrs.

11 Y MONDAY, JANUARY 19

Went down to Chicago early in the morning. Got back before Dupont work.  
Ulster - 10 hours.  
Re. Dupont - 3 hours.

TUESDAY, JANUARY 20

Worked on the Dupont drawings all day. Leeson, Emil, Katz & Mac were over. Worked all night with Abe & Emil.

Dupont RE - 18 hours.

After breakfast  
went to the  
for a walk to the  
home at 6  
went to the  
of the  
7 PM. The  
from home  
longer  
1001 - 2

Went to the  
at 8 PM  
at 10 PM

Dear Mr. Ramani:

We understand that your visa expires on November 27th and we are wondering if it would be possible for you to have it extended. It would be very helpful to us in clearing up outstanding matters with regard to Fertilizers & Chemicals Travancore Ltd. if you could spend a little time going over these matters with us. To that end we hope that you will be able to get an extension of your visa to permit you to remain in the States for an additional period of time.

Looking forward to hearing from you regarding this matter, we are

Very truly yours,

  
H. Moore  
Vice President

Long Island City 1, New York

Dear Mr. Ramani:

We are very glad to know that you are again visiting our country to further your interests in the many developments which your company is extending in your country, and as you are particularly interested in the manufacture of ammonium phosphate, we feel that a visit with us in Boston for an extended period of time will be most helpful to you, and undoubtedly we will be in position to tell you about our equipment to assist you in this undertaking.

We do hope that your stay in this country will be of long enough duration so that we can present our "know how" to you with our equipment, and of course having this information we can hope that we may be favored with orders from you that will give you the anticipated results.

We have enjoyed your visits in the past, and will look forward to seeing you again.

Very truly yours,

Dear Mr. Ramani:

I was very happy to receive your letter of November 7, and know that you are back in this country, and certainly will look forward to seeing you again when you may conveniently come on to Boston.

I do not know if you have again heard of the Chemical Show which will be held in New York from November 28th to December 3d, but the enclosed tickets might be helpful to you, in the event that you have not already received some from another source.

The enclosed letter I hope will cover your needs, but in the event that I have not stressed any particular point that should be covered, let me know, so that I may re-write the letter so that your stay in the United States may be extended until you accomplish all of the things for which you have come here.

We all will look forward to seeing you if you do come to Boston, and undoubtedly we can give you some further information, that would be helpful.

Cordially yours,

Gentlemen:

I enclose herewith completed form I-539 for the extension of my temporary visitor's visa which is due to expire on January 28, 1950. Also enclosed are my British Indian Passport #26341 dated January 13, 1949 and my visitor's permit #V211,000.

I am in the United States on business on behalf of Messrs. Kochanovsky Brothers, Ltd. of Trichinopoly, South India. I am the Secretary and Development Engineer for this company who put up and operate several large chemical and other factories in South India. Recently we had occasion to erect a very large fertilizer plant in the State of Travancore, So. India, for the production of 100 tons per day of superphosphate. This plant, costing over \$10,000,000 was built by us in cooperation with the Intercontinent Corp. of 30 Rockefeller Plaza, New York City, who are our Consulting Engineers.

The main object of my present visit to this country was (1) to secure additional capital equipment and machinery, (2) to arrange for a steady source of operating supplies and spares; (3) to settle all the outstanding accounts with the Intercontinent Corp. and (4) to arrange for American dollar investment and capital for the operation of a new 20 million dollar scheme for the manufacture of DDT, plastics, and other organic chemicals on a large scale in India.

I have purchased thus far over \$300,000 worth of plant machinery, mainly from Leonard Construction Co. of Chicago, Illinois and the Monsanto Chemical Co. of St. Louis, Missouri, consisting mainly of machinery for a plant to manufacture 75 tons per day of sulfuric acid. Orders for this plant were placed in June, 1949, and the entire material was supposed to have been shipped by the end of the year. However, due to the coal and steel strikes, the shipments were not completed by December 1949 and there was still over \$150,000 worth of material unshipped by the end of 1949. In the meanwhile, our Indian Import License and Exchange Permit for the plant expired, and we have applied for a renewal, which is expected to be processed through our government by the end of this month. If this takes place, we expect to have the entire plant to be shipped by the end of March.

We had expected that the plant would be shipped by the end of 1949 and our Import License was only until that period. For the same reason, I had my visa extended until the end of January 1950. However, from present indications, it appears necessary that I stay on here till early Spring to expedite work on these items of machinery and see to it that they are shipped.

April 6, 1950

- 2 -

some of the specialists in this field through my firm's engineering consultants, Messrs. Singmaster and Brayer of 420 Lexington Avenue, New York City. As I started studying the problem of chemical plant control further with one of the outstanding specialists in the field, there appeared several phases of the subject which should be extended further. This interested me and we went into the thing thoroughly, to come out with some very interesting developments by which chemical plants could be instrumented in a radically new fashion to operate in a fool-proof manner as "push-button" plants.

This new development, called "Robotization", has been written up in the leading magazine in the chemical field, published by McGraw-Hill as Chemical Engineering. The results of the investigation were not only interesting from the point of view of its application to Indian chemical industry with its lack of skilled labor, but also to American chemical plants as well, to effect enormous savings in labor costs. The development has been so interesting that the editor of Chemical Engineering has requested us to continue our investigations towards more of these developments. I am continuing these researches and hope to publish the full scope and details of these developments in the months to come. My continued stay therefore is essential if I am to continue carrying on this investigation and development, a project which started purely by accident (in investigation of reduced costs of Indian chemical plant operations) and which has now the makings of a major development in the chemical field.

In view of all of the above, I request respectfully that my visitor's visa be extended by a period of three months, until July 28, 1950 which, I hope, will give me sufficient time to carry all the above projects to a successful conclusion.

I am in possession of my return air ticket to Bombay, via T.W.A. and I have already posted a surety bond of \$500.00 filed with you by the Century Surety Co. of New York.

Respectfully submitted,

R. V. RAMANI

January 26, 1950

Mr. Ramanatha Venkata Ramani  
29-28 41 Avenue  
Long Island City 1, N.Y.

Dear Sir:

This office will favorably consider your application for extension of temporary stay and grant your extension to April 28, 1950 conditioned upon your filing a \$ 500.00 bond to insure that you will depart from the United States at the expiration of your authorized stay, or upon failure to comply with the conditions under which you were admitted, whichever occurs first.

You should arrange to file bond as soon as possible at the Bond Unit, which is located on the 9th floor of this building. Your failure to post bond promptly will serve to indicate that you no longer wish your application considered. Your case will thereafter be referred for other appropriate attention.

Very truly yours,

HENRY J. SHAUGHNESSY  
Acting District Director  
New York District

By: *Monte Montal*

Gentlemen:

I have been in the United States since January 24, 1949 on  
a British Indian passport with a visa good for six months.

I believe that I will not be able to conclude my business  
at the time the visa expires in July, and would request therefore  
an application from you which I could use to apply for a three-  
month extension of visa.

Will you be kind enough to send such an application by  
return mail.

Very truly yours,

R. V. RAMANI

Re: 9300-251433

Gentlemen:

I enclose herewith completed Form I-539 for application of an extension of my temporary visitor's visa. Also enclosed are my British Indian Passport #26341 dated January 13, 1949 and visitor's permit V211,000 together with letter from your office dated March 8, 1950.

I have been in the United States for some time on business on behalf of my firm, Messrs. Sashasayee Brothers, Ltd. of Trichinopoly, South India. I am the secretary and Development Officer of our company which has put up and is operating several large factories in South India. My present visit to this country was in connection with the purchase of additional equipment totalling over \$500,000 for the ammonium sulfate plant of the Fertilizers and Chemicals, Travancore Ltd. (one of the companies under our management), and also to settle accounts with the Intercontinent Corp., 30 Rockefeller Plaza, New York City, who put up our ammonium sulfate plant.

The main item of our purchase, a 75-ton per day sulfuric acid plant from the Leonard Construction Company of Chicago, costing over \$300,000, was expected to be shipped by the early part of this year. Most of the items pertaining to this plant have now been shipped, but unfortunately, due to the coal and steel strikes occurring in the interior, there were several costly delays which resulted in an overall increase in price.

Our exchange permits and import licenses, consequently, were used up and some very vital parts, costing over \$30,000, are still unshipped. We have therefore had to apply for fresh licenses and permit for opening Letters of Credit. All this processing involves time, and I expect that the necessary clearances will come through in the next two months and that the shipments will be completed by early July. Consequently, I must remain in the United States at least until this period, to coordinate the shipments.

The matter of settling our accounts with the Intercontinent Corp. is still hanging fire, and I am afraid the matter will have to be taken to arbitration. To follow this up effectively also, I have to be present in New York and arrive at an equitable settlement.

While in the United States, I have been studying the latest techniques in chemical plants and processing, with a view to applying this knowledge to our factories in India. With this object in view, I have been in touch with several engineering consultants and manufacturers. As one phase of my study, I was investigating processing control in chemical plants, and was in contact with

April 6, 1950

- 2 -

some of the specialists in this field through my firm's engineering consultants, Messrs. Singmaster and Brayer of 420 Lexington Avenue, New York City. As I started studying the problem of chemical plant control further with one of the outstanding specialists in the field, there appeared several phases of the subject which could be extended further. This interested me and we went into the thing thoroughly, to come out with some very interesting developments by which chemical plants could be instrumented in a radically new fashion to operate in a fool-proof manner as "push-button" plants.

This new development, called "Robotization", has been written up in the leading magazine in the chemical field, published by McGraw-Hill as Chemical Engineering. The results of the investigation were not only interesting from the point of view of its application to Indian chemical industry with its lack of skilled labor, but also to American chemical plants as well, to effect enormous savings in labor costs. The development has been so interesting that the editor of Chemical Engineering has requested us to continue our investigations towards more or less completion. I am continuing these researches and hope to publish the full scope and details of these developments in the months to come. My continued stay therefore is essential if I am to continue carrying on this investigation and development, a project which started purely by accident (in investigation of reduced costs of Indian chemical plant operations) and which has now the makings of a major development in the chemical field.

In view of all of the above, I request respectfully that my visitor's visa be extended by a period of three months, until July 26, 1950 which, I hope, will give me sufficient time to carry all the above projects to a successful conclusion.

I am in possession of my return air ticket to Bombay, via T.W.A.

I have already posted a surety bond of \$500.00 filed with you by the Century Indemnity Co. of New York.

Respectfully submitted,

R. V. RAMANI

would give me... to wind up on the...  
**Gentlemen:**

I am in possession of a return air ticket to Bombay, via TWA, Ticket  
#153 937565. I am enclosing herewith completed Form No. 257 for the extension  
of my Temporary Visitor's Visa which will expire on November 28, 1949. Also  
enclosed are (1) my British Indian Passport #26301 dated November 13, 1949  
and (2) my Visitor's Permit #V211,000.

I trust that the above information would be satisfactory to enable you  
to extend my visa. I have had one extension to my visa which originally expired on  
July 14, 1949. I am now applying for a further extension which would permit  
me to remain in the United States until the middle of January, 1950. The ex-  
tension which I now request is made necessary by the following reasons:-

1. As I had stated in my request for the previous extension (which  
was granted), I have been in the United States on behalf of Messrs. Seshasayee  
Brothers, Ltd. of Trichinopoly, South India, purchasing equipment for the fac-  
tories under our management. The main purpose of my visit here was to place  
orders, inspect, and arrange for the shipment of a 75-ton per day sulfuric acid  
plant from the Leonard Construction Co. of Chicago 3, Illinois. I placed orders  
for this plant on June 1, 1949. When Leonard first quoted us at the end of 1948  
they had promised to deliver the plant by the Fall of this year. This deliv-  
ery promise was reiterated to me by Leonard in a letter dated July 14, 1949, in  
which they stated that it would be desirable for me to arrange to extend my  
stay until late Fall, by which time they expected to have the entire plant  
shipped.

In the meanwhile, their production schedules and the deliveries  
from their factories have been substantially delayed due to the coal and steel  
strikes, with the result that half my plant is in India while the other half is  
being delayed in fabrication. In addition to this, the devaluation of the rupee  
has led to complications in the establishment of the second part of the Letter  
of Credit and this again has occasioned considerable delay.

These situations have caused an immense delay and consequent  
loss to us. However, Leonard are cooperating to the utmost to see that the  
plant is shipped before the end of the year. At the same time, the situation  
has made it necessary for me to have an extension of my visa for two months, in  
order to expedite the shipment of our plant in total.

2. At the same time, during these coming two months, I expect to  
finalize our accounts with the Intercontinent Corporation of 30 Rockefeller  
Place, New York. Intercontinent set up our ammonium sulfate plant at Alwaye,  
South India, at a cost of more than ten million dollars, and their accounts have

reached a state where it becomes essential that spot decisions on individual items be made between their representatives and myself.

3. I am negotiating with the Sturtevant Mill Co. of Boston, Mass. over the question of their supplying my firm with a plant for the manufacture of ammonium phosphate. I expect discussions with them on this matter to continue through December. As a matter of fact, their Mr. Doyle (President of the Company) has expressed his opinion that the question could not be settled hastily.

In view of all of the above reasons, I request that you kindly extend the expiration date of my visa from November 28, 1949 to January 28, 1950, which would give me ample time to wind up on the various outstanding matters.

I am in possession of a return air ticket to Bombay, via TWA, Ticket #153 237465 issued on January 21, 1949 at Bombay and good for one year from that date. I expect to take the plane some time in the first week of January 1950, after spending Christmas and New Year's in New York.

I trust that the above information would be satisfactory to enable you to extend my visa. Should you require any further information, I will be very pleased to furnish the same.

Thanking you very much, I am,

Very truly yours,

RAMANATHA VENKATA RAMANI

70

Simultaneously, we are closing our accounts with the Interventient Corp. This is a particularly involved business, since our dealings with them have amounted to over two million dollars and since there are so many claims and counter-claims involved regarding several items charged on their books. As a matter of fact, I am afraid we may have to take up the whole case for arbitration to the International Business Council of the American Chamber of Commerce. If the situation is not straightened out in the next few weeks, it is highly essential that I stay on here to settle this matter. Unfortunately, I have been dragging on for over two years now.

Finally, I am negotiating with some American investors, among whom are the Balabanian Trading Corp. of New York City, and others, for their investing and taking up a 50% interest in a 50 million dollar scheme for setting up factories for the manufacture of SDE, plastics, and organic chemicals in South India. My proposals are being considered and I hope to be able to conclude some arrangements in the next two months.

In the light of the above reasons, I am forced to postpone my departure from the States from January 1950 to April, and I request that the period of my visa be extended by a period of ninety days, which would give me time to wind up my business successfully.

I am in possession of return air ticket to Bombay, via Trans-World Airlines.

I trust that the above information is satisfactory to enable you to grant the requested extension. Should any further information be necessary, I shall be glad to furnish the same.

Respectfully submitted,

Very truly yours,

Gentlemen:

Re: Extension of Temporary Visitor's Visa.

I am enclosing herewith the completed form I-539 for the extension of my Temporary Visitor's Visa, which is to expire on July 28, 1949. I am also enclosing my British Indian Passport # 26341 dated January 13, 1949, along with my old passport # 18907 dated May 24, 1946. I had to get the new passport since the leaves in my old passport were exhausted, and there was no space for fresh visas.

Enclosed also is my Alien Registration No. V211000.

I have been in this country for the past five months on behalf of Messrs. Seshasayee Brothers Limited, Trichinopoly, South India. I am the Secretary and Development Officer of my Company and am in charge of all Development Projects, for the various companies under the management of Seshasayee Brothers Limited.

My trip to the United States was with the main purpose of placing orders for machinery and equipment for the Chemical Plants of the Fertilisers and Chemicals, Travancore Limited, Alwaye, Travancore State, South India. We formed this company and put up its plant which produces some 150,000 tons per annum of Fertilisers, besides several other chemicals. Since practically all the machinery for this plant came from the United States, and since we have found the machinery satisfactory, we decided to expand the facilities already put up, and I have so far been able to get quite a good amount of fresh equipment for our expansion project. Among the main items, I have ordered a new 75 Tons per day Sulfuric Acid Plant, costing \$ 279,866.00, from the Leonard Construction Company, 37 South Wabash Ave, Chicago, Illinois.

Besides buying equipment, I have also been negotiating for Engineering Services and know-how for several new projects we are developing on behalf of a new company, the Travancore and Mettur Chemicals, which is sponsored by the Government of Madras. I have not yet been able to conclude satisfactory arrangements for this.

When I got my visa at the American Consulate at Madras, I anticipated that all this work would take me some eight months or so to accomplish. Accordingly, the Consul gave me a visa for eight months, and the Alien Registration is made out for that period. However, since coming to the U.S. I got sick, and was out of commission for quite a while, with the result that my whole schedule got upset. On the basis of the

- 2 -

present status of my work, I believe, I would be able to finish all the tasks by the middle of November, since the most critical items of the Leonard Sulfuric Acid Plant would be ready for inspection by the end of October, and could be shipped by the end of November, after I inspect them and certify them as acceptable.

When I was admitted to the U.S. on January 29, the Immigration Officer gave me period of six months only, since this was the maximum period to which he could admit anybody. He advised me to take it up with you at the proper time, for the extension of the visa.

I am in possession of air ticket to Bombay, by TWA, ticket No. 153 237465, issued January 21, 1949, at Bombay, India, and good for one year from that date.

I trust the above information would be satisfactory to enable you to extend my visa. If any further information is necessary, I will be very pleased to furnish it.

Hoping that my application would receive your valuable consideration, I am,

Very truly yours,

Ramanatha Venkata Ramani.

present status of my work, I believe, I would be able to finish all the tasks by the middle of November, since the most critical items of the Leonard Sulfuric Acid Plant would be ready for inspection by the end of October, and could be shipped by the end of November, after I inspect them and certify them as acceptable.

 100 WALL STREET  
 NEW YORK 7, N.Y.

The image is a high-contrast, black and white scan of a document page. It is heavily degraded with significant noise, including large black blotches and white speckles. The text is mostly illegible due to this degradation. The layout appears to be a standard document with a header section at the top, followed by several paragraphs of text. There are some faint, large, bold letters visible, possibly 'O' and 'A', which might be part of a title or section heading. The overall appearance is that of a very poor quality scan of a document.

The image shows a document page that is almost entirely illegible due to extreme noise and a large, dark, irregular shape on the right side. The visible text fragments include:

- Top left: "THE UNITED STATES OF AMERICA"
- Top center: "OFFICE OF THE SECRETARY OF DEFENSE"
- Top right: "WASHINGTON, D.C. 20301"
- Center: "MEMORANDUM FOR THE SECRETARY OF DEFENSE"
- Center: "SUBJECT: [Illegible]"
- Bottom left: "DATE: [Illegible]"
- Bottom center: "BY: [Illegible]"
- Bottom right: "FOR THE SECRETARY OF DEFENSE: [Illegible]"

The large dark shape on the right side appears to be a stamp or a large mark, possibly a signature or a seal, which is also illegible.

Handwritten text on the left page, including a date stamp "1 MAY 1947" and a circular postmark.

1 MAY 1947

Handwritten text: "Handwritten text on the left page, including a date stamp '1 MAY 1947' and a circular postmark."

Handwritten text: "Handwritten text on the right page, including a date stamp '1 MAY 1947' and a circular postmark."

Handwritten text on the left page, including a large circular stamp or seal in the center. The text is mirrored across the page.

Handwritten text on the right page, including a large circular stamp or seal in the center. The text is mirrored across the page.

The image is a high-contrast, black and white graphic. It consists of a dense, repeating pattern of the word "INDIAN" in various orientations. The text is arranged in a way that creates a textured, almost abstract effect, with the word appearing both horizontally and vertically, and at various angles. The overall composition is a complex, layered arrangement of the same word, creating a sense of depth and repetition.

(photo)

These are to request and require of the Governor General of India all necessary concern to allow the bearer to pass out let or hindrance, and to afford assistance and protection of which stand in need.

Given at Fort Scott  
the 24th day of May

**R R M A N**

### **INTERNATIONAL STATUS**

**NATIONALITY**

British Subject by birth

No entries to be made on this page except by a Special Agent in Charge in the United Kingdom.

Date	Serial Number of Exchange Control Application Form	Amount Award (Sterling equivalent to amount in)	Source of Award (State of origin)

It is most important that British subjects resident abroad should at the earliest opportunity register their names and addresses at the nearest British Consulate.

Failure to register may in a period of emergency result in difficulty or delay in according British subjects the assistance and protection to which they are entitled.

Changes of address or departure from the country should also be notified to the Consulate.

and submitted  
(a) to the

1. Applicant  
and  
(a) in the  
con  
(b) in the  
con  
2. The other  
3. Indian  
(a) British  
The report must be made in the prescribed form  
through the local authority—  
in British India in the Provincial Government  
in a British Indian State, to the Political Officer  
The report is, No. 2.  
to be  
sent to—  
Perth.

each persons.  
interrelation.  
to be a subject of the State of which her husband

in the production of a declaration by the applicant requiring a separate Passport by the child's parent in the form of application verified by a declaration in the form of a declaration by the parent, Justice of the Peace, Police Officer not below the rank of a Sub-Inspector, or a Magistrate, or a Public, resident in India.

Transport be a British Subject by Naturalization, he must be forwarded with the form of application to the Passport. It will be returned with the Passport to the person who may have verified the declaration. Naturalization will be described as such, in their Passport, to the necessary qualifications.

6. Photographs of the applicant (and wife, if applicable) must be submitted with the application for a Passport, one of which must be submitted by the person verifying the declaration made in the application.

7. The passport is valid for a period of five years from the date of issue, or until the holder reaches the age of 70, whichever is earlier. The fee for renewal is Rs. 1 for each year.

should apply for Passports to the London Foreign Office or the Consulate. Passports must not be sent out of India by post. In the case of an applicant for a Passport being unable to write English, the application should be placed below the applicant's vernacular form of application. In the case of an illiterate person, a declaration should be substituted for a signature on the form of application verified by the person verifying the declaration.

Passport is only available for travel to the countries named on the endorsement for additional countries. The fee for each full endorsement is Rs. 1, except that no fee is imposed in respect of territories within the British Empire. The possession of a Passport so endorsed entitles the holder from compliance with any immigration laws in the Foreign Countries, or from the necessity of obtaining a visa for the same.

11. Passports endorsed as valid for the British Empire are also available for travelling to territory under British protection or mandate, but, however, including Palestine or Transjordan, for which the Passport must be specially endorsed, or the Aden Protectorate, for which both an endorsement and a visa are required.

12. British subjects resident abroad should in all cases register their names and addresses at the nearest British Consulate. Such registration constitutes the most ready means in emergency or difficulty of enabling all proper assistance or advice to be afforded them. Changes of address in or departure from the country of residence should also be notified to the Consulate.

Persons merely passing through a foreign country or making a short stay are not regarded as residents and need not register unless their stay exceeds three months.

Branch 7, 4000 - 2500 } Supplemental  
Exp. 2 57 - 2500 } Theobaldia East

No entries to be made on this page except by a Bond or Travel Agency in the United Kingdom.

Date	Serial Number of Exchange Control Application Form (For refund, the word "Refunded" is used)	Amount issued or refunded (Sterling equivalent to nearest £1)	Stamp of Bank or Travel Agent issuing exchange

Patna.  
The 26th Dec., 1949.

My dear father,

As I am feeling still weak, I am having this letter type-written. Ch. Rajan has just returned from Dehra Dun. As you are aware, he appeared for the Cambridge Senior examination in 1947 and passed with <sup>6</sup>credits. He appeared for the Higher School Certificate examination in this month with Physics, Mathematics and Chemistry as additional subjects. This examination is equal to the B.A. standard and is recognised as such in the English Universities. The results will be available only in April next but I am told that Ch. Rajan has done well and will probably pass with ~~distinction~~ <sup>honours</sup>. I mentioned to you last year and you agreed that he should be sent for Electrical Engineering to America. I am enclosing the application form duly filled up and request that you will kindly forward it either to Bhandari or to Brodman, who will kindly try <sup>and</sup> his level best to have him admitted at Massachusetts Institute of Technology. The application may be sent by Air Mail as soon as possible and it is essential that we should have him admitted.

fail to the M.I.T. and without delay

Ch. Rajan has done very well during the last year. He has obtained School Colours. He stood first in the Olympic games and got a Royal Society Life Saving medal. The Headmaster reports that he has also done well in his academic studies.

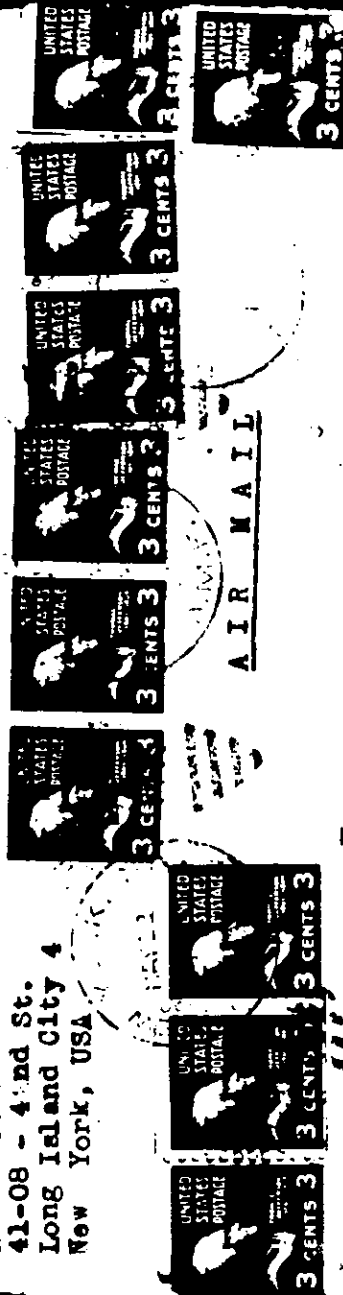

I shall write to you again as soon as my health improves. I am still not well & cannot  
Ch. Rajan is lying in hospital.  
With greatest respects, Yours

Yours very affectionately,

V. P. S. S. S.

Mr. George P. Towle,  
Sturtevant Mill Company,  
2 Harrison Square,  
Boston 22, Mass.

Dear Mr. Towle:

Though it is quite some time since I returned to this country I have not had the time to visit you at Boston, since I have been extremely busy. However, I hope to be in Boston around Thanksgiving, and hope to have the pleasure of meeting all of you.

In the meanwhile, I ran into Mr. Doyle at the offices of the Intercontinent Corporation, who, you will remember, put up our Sulfate of Ammonia Plant. I understood from Mr. Doyle that you were negotiating thru Intercontinent for two jobs in India. I had dinner last night with Mr. and Mrs. Doyle, during which I had the opportunity of discussing with Mr. Doyle some of the aspects of doing business with Intercontinent. I also had the opportunity to discuss with him the merits of Ammonium Phosphate, and its methods of manufacture. As you know, we have all the requisite raw material for the Phosphate, and I am extremely interested in putting up such a plant, utilizing our existing rock grinding facilities etc. Mr. Doyle promised to give me full information on it, and also referred me to the current literature on the subject. He also indicated that he would be returning to Boston from the west by about Thanksgiving, and that he would be glad to take it up further with me on his return.

In the meanwhile, my visitor's visa for stay in this country expires on November 27. I would like to get it extended for a couple of months more so that I can settle all the various outstanding matters, and also work out the Ammonium Phosphate manufacture. So I would appreciate it if you can write to me a letter stating that it would be desirable if I could remain in this country for another two months to work this out. Such a letter is useful in supplying documentation to the authorities while giving reasons for an extension in visa. I spoke to Mr. Towle about this, and he suggested that I would write to you.

Mr. Doyle also said that he would have a chance to go Germany in the near future. I hope he decides to send you instead!

Looking forward to seeing you in the very near future and with the kindest personal regards, I am,

Very sincerely yours,

R. V. Ramani.

March 14, 1950.

Dear Reman,

He has heard that you were in this country from a couple of sources, and hope you are enjoying your work here.

Barney is in India and Pakistan at the present, and I have been so patiently waiting for him to return. He has now been gone six weeks. In view of this situation, it might be better for you to wait until his return and then we can make arrangements for your visit up here with us. I'm sure it would be more interesting for you because you could hear the latest news of your homeland. Sorry to have to disappoint you about this week end, but I will have Barney get in touch with you upon his return.

Sincerely, Gerry.

R. V. Ramani Esq.,

My friend,

You will be surprised to hear from me. It is a very long time since I have heard from you. I thought you would let me know your whereabouts. Shri Shankar is employed in M.C. here for which he is much indebted to you. Ch. Ragh has passed his degree at Madras & he is now with his mother. He had one Royal Enfield motor cycle which he got some time back. He wants to have one Harley Davidson from U.S. Can you get me the same when you go back here? Obtain the catalogue & price for Davidson & Harley Davidson & send them to me. When are you returning? Will you go to Siam? You promised to get me some agency for Press Material which is not available in India. What are you going to do for me. You know Shri Guruswamy wanted one of the best violins in the world with 3/4 size. Don't think that I am talking for with no mind of work. Here Tiruchirappalli is as usual very hot and hard all things with you. I hope you are not completely Americanized in every respect and you won't have time to think of us even for a while.

Hoping to hear your welfare & trusting this will find you in good health.

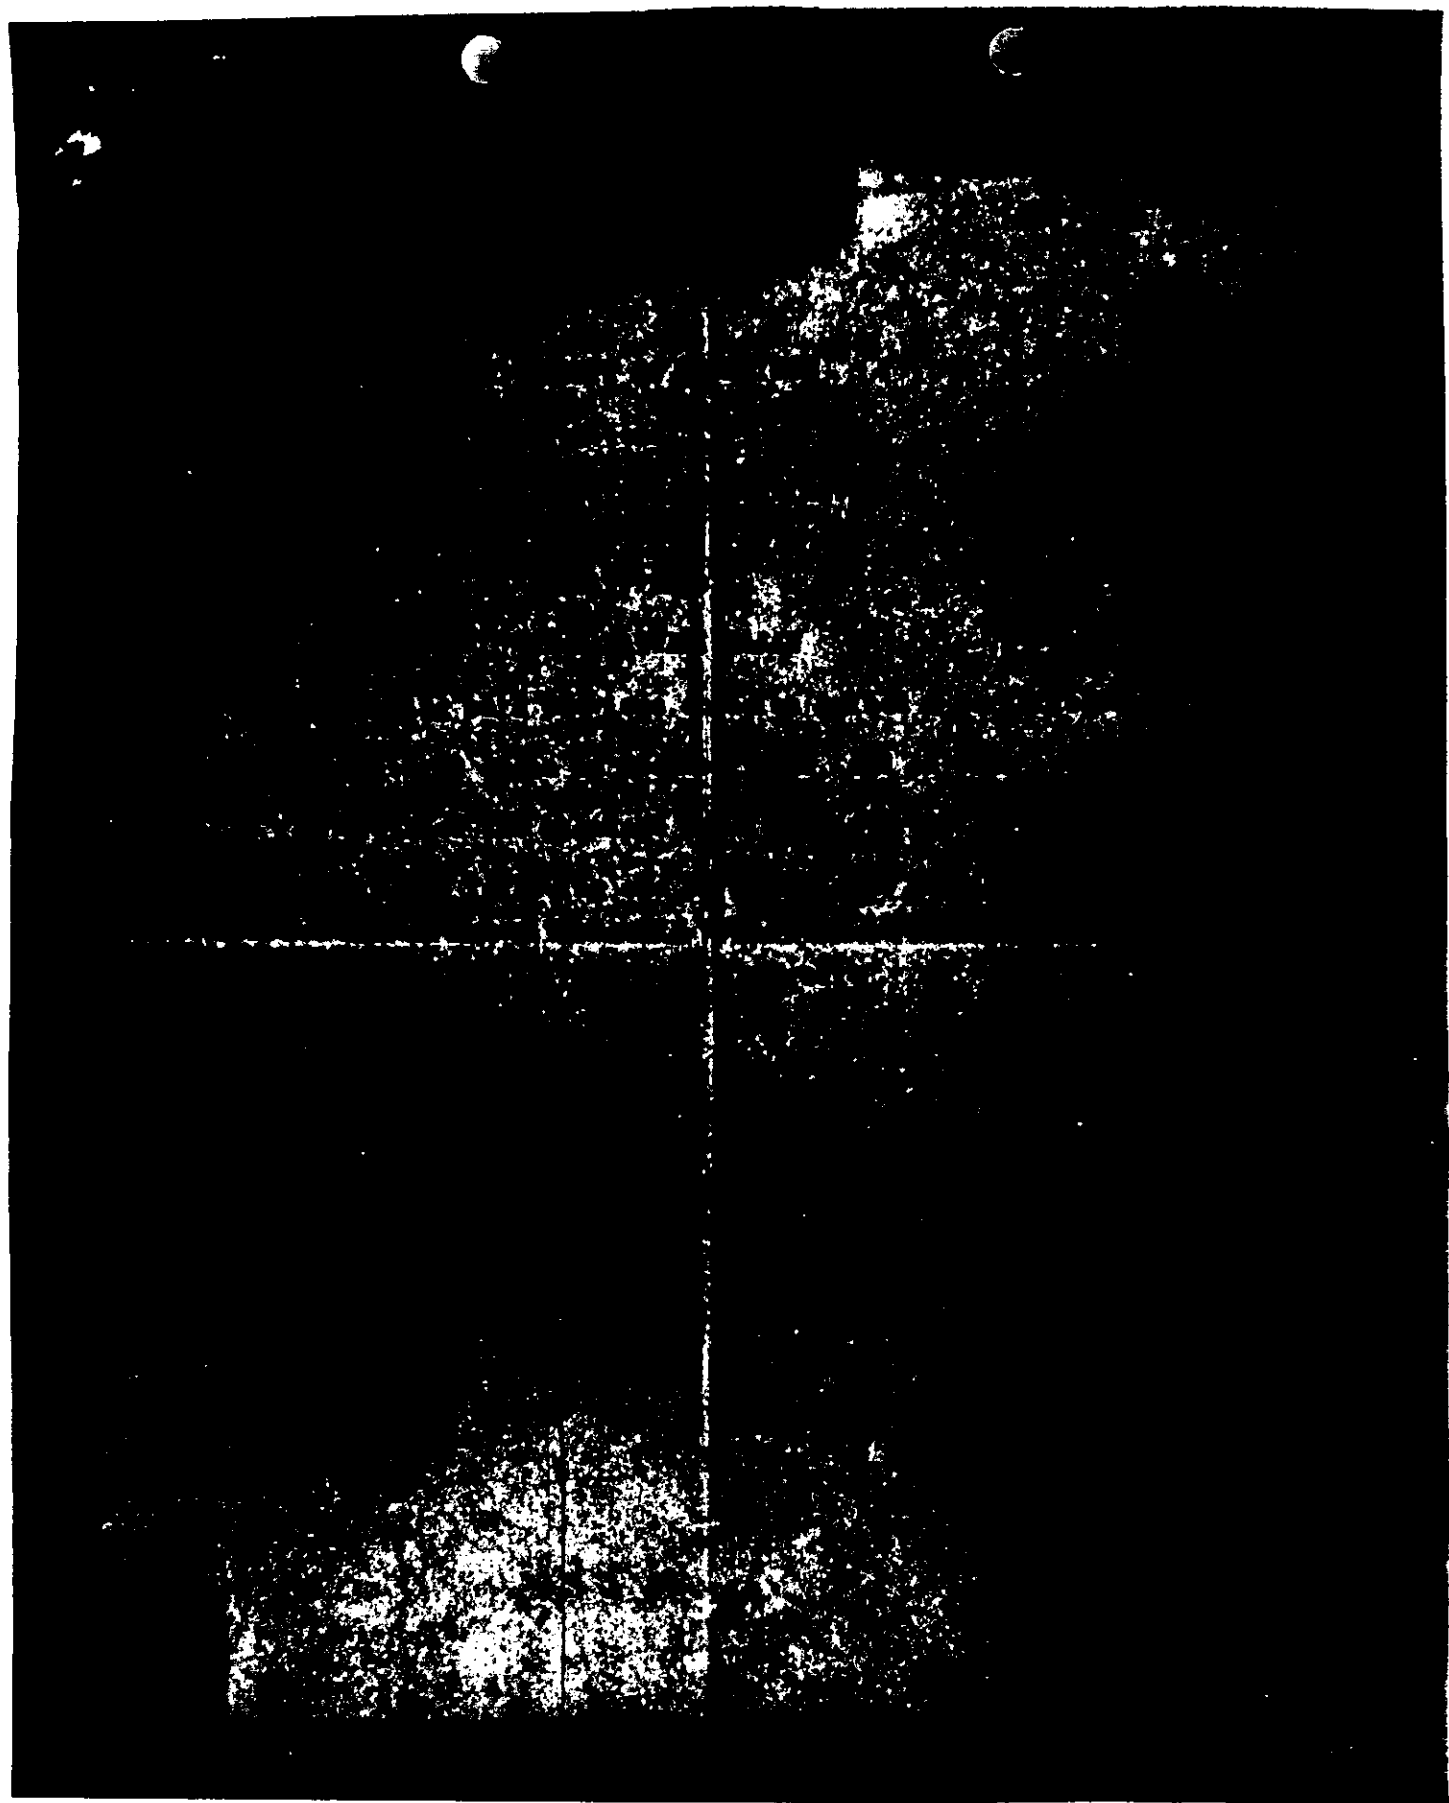

Sincerely,

J.V. Kuppuswami

My dear Ramanis,

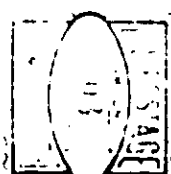

Just a line to enquire  
how ~~are~~ you are getting on  
and when you will be getting  
back. Was proud of your  
articles in the "Chemical  
Engineering", although, truth to tell,  
I can't pretend I understand 'em.  
And this from the editor  
of "Makkam" should certainly  
make you sq rub your eyes  
a bit - or would you?

I expect before you receive  
this letter you should have  
received the Republic Number  
of "Electrolyte". I do hope you  
like the cover, as much as  
another person of whom I think quite  
a lot - namely, myself. Love. Sincerely,  
R. Parkin

Dear Mr. Rosani:

Just a reminder....

.... that payment of \$18.00 is now due on your subscription for  
Eneleonic.

Just enclose your remittance in the attached, postage-free envelope...  
send it along today-- and we'll be glad to apply the payment to  
your subscription account.

This will assure you of uninterrupted service of the publication.

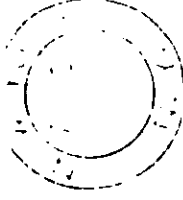

Thanks for your continued cooperation.

Sincerely yours,

*E. H. De Wolfe*
